Imposition of rates

- 53.** A property rate is imposed on all rateable property in the Nairobi City County for each year, other than-
- (a) exempt rateable property; and

- (2) If the Nairobi City County Revenue Act does not set out the amount of a rate that is payable for a particular year or that Act is not in operation in respect of that year, then the amount of the rate payable for that year is deemed to be the amount of the rate that was payable for the immediately preceding year.

When do rates become due and payable?

- 55.** (1) A rate for each year becomes due on 1 January of that year.
- (2) The county executive committee member may, by notice published in a national newspaper, specify the date on which a rate becomes payable for a particular year.
- (3) At least 30 days notice must be given of the payment date.

Who is liable to pay rates?

- 56.** (1) The owner of a rateable property as at 1 January of each year is liable for payment of the amount of the rate for the rateable property for that year.
- (2) To avoid doubt, the payment of a rate for a rateable property by a person does not confer ownership of the property on the person, and the Nairobi City County does not in any way recognise payment of a rate for a rateable property as the basis of a claim of ownership of the property.

Part 2 – Contribution in lieu of rates

Contribution in lieu of rates

57. A contribution in lieu of rates is payable for each year for public land, other than public land that is-

- (a) excluded public property; or

Recovery of overdue rates and penalty interest as a debt

63. (1) This section applies if the owner of rateable property owes the Nairobi City County for overdue rates on the property, including any penalty interest.

(2) The overdue rates and penalty interest are recoverable in a court of competent jurisdiction as a debt due and owing to the Nairobi City County from the person liable for payment of the rates.

(3) Subject to subsection (4), the Civil Procedure Act CAP. 21 and the rules made under that Act apply to recovery proceedings.

(4) A certificate signed by the receiver of revenue certifying that-

(a) an amount of rates is or was due and payable on or before a certain date; and

(b) the rates are overdue and penalty interest is payable;

is admissible as evidence against the defendant in proceedings under this section, and is prima facie evidence as to the matters certified.

(5) Before commencing proceedings against a person under this section, the county executive committee member must send a written notice to the person –

(a) setting out the amount of the overdue rates, including any penalty interest; and

- (b) stating that unless-
 - (i) the overdue amount and penalty interest are paid in full within such period as is specified in the notice; or
 - (ii) an agreement is reached to repay the overdue amount and penalty interest;recovery proceedings against the person for the overdue amount and penalty interest will be commenced as soon as practicable after the end of the period so specified.

(2) The county executive committee member may send a written notice under subsection (3) to any person paying rent to the owner of the rateable property or the person's agent.

(3) The written notice must-

- (a) set out the amount of the overdue rates, including any penalty interest; and
- (b) state that all future payments of rent (whether already accrued, due or not) by the person paying the rent or the person's agent are to be made directly to the Nairobi City County until the overdue rates and penalty interest have been paid in full.

(4) Despite any other Act or law, the notice operates for all purposes to transfer to the Nairobi City County the right to recover, receive and give a discharge for such rent.

Rates chargeable on property

65. (1) This section applies if the owner of rateable property owes the Nairobi City County for overdue rates on the property, including any penalty interest.

(2) The overdue rates and any penalty interest are a charge on the rateable property.

(3) If the title to the rateable property is registered under the Land Registration Act 2012, the Nairobi City County may deliver a notification of such charge, in the prescribed form, to the Registrar who must register it against the title to that property.

(4) Subject to any national law, the charge has priority over any other encumbrances over the rateable property.

(5) If the overdue rates and penalty interest are paid, the Nairobi City County must lodge with the Registrar-

- (a) a request to release the charge over the rateable property, in the prescribed form; and
- (b) a certificate signed by the county executive committee member that states the overdue rates and charges have been paid.

**Sale of property for
non-payment of rates**

66. (1) If an amount of rates payable on a rateable property has been in arrears for three years or more, the Nairobi City County may sell the property in accordance with this section.

(2) Before the Nairobi City County sells the rateable property, the county executive committee member must send a notice to the owner of the rateable property-

- (a) stating the period for which the rates have been in arrears; and
- (b) stating the amount of the total liability for rates, including penalty interest, presently outstanding in relation to the property; and
- (c) stating that if that amount is not paid in full within one month after service of the notice or such longer time as the executive committee member may allow, the Nairobi City County intends to sell the property for non-payment of rates.

(3) A copy of a notice sent to the owner under subsection (2) must be sent to any registered mortgagee of the property.

(4) If-

- (a) the county executive committee member cannot, after making reasonable inquiries, ascertain the name and address of a person to whom a notice is to be sent under subsection (2) or (3); or
- (b) the county executive committee member considers that it is unlikely that a notice sent under subsection (2) or (3) would come to the attention of the person to whom it is to be sent;

the county executive committee member must cause service of the notice to be effected by-

(c) placing a copy of the notice in a national newspaper;
and

(d) leaving a copy of the notice in a conspicuous place on the rateable property.

(5) If the outstanding amount is not paid in full within the time allowed under subsection (2), the county executive committee member may proceed to have the property sold.

(6) The sale must be by public auction and the executive committee member may set a reserve price for the purposes of the auction.

(7) The auction must be advertised on at least two separate occasions in a national newspaper and the date of the auction must be not less than 30 days after the date of the last advertisement.

(8) If, before the date of the auction, the outstanding amount of rates and penalty interest, and the costs incurred by the Nairobi City County in proceeding under this section are paid to the Nairobi City County, the executive committee member must call off the auction.

(9) If an auction fails, the Nairobi City County may sell the rateable property by private contract for the best price that it can reasonably obtain.

**Application of sale
proceeds and
registration
procedure following
sale**

67. (1) Any money received by the Nairobi City County in respect of the sale of rateable property under section 66 is to be applied as follows-

(2) If the owner of the rateable property cannot be found after making reasonable inquiries as to his or her whereabouts, an amount payable to the owner must be dealt with as unclaimed money under the Unclaimed Financial Assets Act 2011.

(3) If property is sold in pursuance of a sale under section 66, an instrument of transfer under the Nairobi City County's public seal will, on registration, operate to vest title to the property in the purchaser.

(4) The title vested in a purchaser under subsection (3) is deemed to be free of all mortgages and charges.

(5) An instrument of transfer in pursuance of a sale under section 66 must, when lodged with the Registrar, be accompanied by a statutory declaration made by the county executive committee member stating that the requirements of section 66 in relation to the sale of the property have been observed.

(6) If it is not reasonably practicable to obtain the duplicate certificate of title to property that is sold under section 66, the Registrar may register a transfer despite the non-production of the duplicate, but in that event will cancel the existing certificate of title for the property and issue a new certificate in the name of the transferee.

(7) This section does not apply if the payment of rates has been postponed under, or in accordance with, the Nairobi City County Tax Waivers Administration Act 2013, until the postponement ceases to have effect or unless the rates become rates in arrears.

69. Any waiver, remission, reduction, deferment or postponement of payments of rates and penalty interest, including any payments by installments, must be dealt with under the Nairobi City County Tax Waivers Administration Act 2013.

Certificates of clearance of rates

70. Any registration of an instrument referred to in section 38 of the Land Registration Act 2012 relating to property in the Nairobi City County is subject to the Nairobi City County issuing a statement certifying that all outstanding rates and penalty interest have been paid in accordance with that section.

Use of different remedies to recover overdue rates and penalty interest

71. The use of one kind of remedy to recover overdue rates and penalty interest does not limit any other remedy that the Nairobi City County has to recover overdue rates and penalty interest (for example, selling the land under section 66 following the registration of a charge against the land under section 65).

Part 4 – Possible future basis of rating

Future basis of rating may be capital improved value

72. (1) The county executive committee member may make a written determination changing the basis on which property is valued for the purpose of rating to a capital improved value.
